Sustainable Materials Management Consultants

NERC's Fee for Service Program

The Northeast Recycling Council (NERC) is a nationally recognized leader in sustainable materials management for the public and private sector. It boasts a 27 year history of innovative and effective research, program design and implementation, public education, and public-private dialogue. NERC's outstanding [staff](http://www.nerc.org/about-nerc/staff) (<http://www.nerc.org/about-nerc/staff>) is expert in a wide range of topics, including source reduction, reuse, recycling, composting, and green procurement. This expertise is now available through consulting services.

NERC offers a wide range of sustainable materials management services and expertise that can help the business community, as well as municipalities, schools and state agencies implement strategies that promote a value-based proposition through waste reduction, recycling, composting, and green procurement.

Examples of the services that NERC offers are:

- Review waste generation
- Design reuse, recycling, & composting programs
- Provide recycling business plan review & assistance
- Identifying dependable supplies of quality recovered materials
- RFP development for recycling & compost services
- Design & facilitate multi-stakeholder dialogues
- Organize workshops & conferences
- Develop educational materials
- Present training & workshops
- Provide research & analysis

NERC has particular expertise in the following topics:

- **C&D reuse & recycling** Contact [Mary Ann Remolador \(maryann@nerc.org\)](mailto:maryann@nerc.org)
