## Introduction

The NERC-NEWMOA Regional Recycling Market Development Committee has produced this list of businesses that process or use post-consumer recycled content after processing by MRFs, derived from so-called “blue bin” recyclables: paper, plastic, glass, aseptic cartons, aluminum and steel cans.

The list is limited to facilities in the NERC region – Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont.

There may be errors and even omissions. If you identify either, please contact Lynn Rubinstein, NERC Executive Director ([lynn@nerc.org](mailto:lynn@nerc.org)).

## Acknowledgements

Many people and organizations assisted with the development of this list. We would like to thank:

## Definitions

- **# 3 – 7** – A blend of plastic types #3 (Polyvinyl Chloride (PVC)), 4 (Low-Density Polyethylene (LDPE)), 5 (Polypropylene (PP)), 6 (Polystyrene (PS)), and 7 (other).
- **3-mix** – A blend of clear, brown, and green glass.
- **Beneficiator** – Turns glass beverage and food containers into cullet for use in glass products with post-consumer content.
- **Bulky rigid** - Oversized HDPE and PP items and containers.
- **Compounder** – Creates plastic blends and then forms into products.
- **Converter** – Takes one type of paper and turns it into another. For example, a roll of paper in paper bags.
- **Cullet** – Broken pieces of glass used to make new glass
- **Extruder** – Forms liquid aluminum into shapes.
- **HPDE** - High-density polyethylene resin (#2)
- **Manufacturer** – Makes products using post-consumer recycled content for sale into marketplace.
- **OCC** – Old corrugated cardboard (used cardboard boxes).
- **Paper mill** – Makes pulp and paper from post-consumer paper, such as cardboard and mixed residential paper.
- **PET** - Polyethylene terephthalate (#1)
- **PP** – Polypropylene (#5)
- **Reclaimer** - Turns plastic beverage and food containers into ground plastic or flakes for use in the manufacture of products with post-consumer content.
- **UBC** – Used beverage containers.
