NERC Environmental Sustainability Leadership Award - 2018

The Northeast Recycling Council (NERC) will be presenting an award in recognition of an individual or organization for the impact they have made on sustainable materials management within the NERC 11-state region. The award will be presented at NERC’s Fall Conference, October 30, Rocky Hill, Connecticut.

**Award Eligibility:** Organizations and individuals located within NERC’s 11-member states.

**Criterion:** Demonstrated change in support of sustainable materials management as the result of a project that is in line with and furthers NERC’s mission.

**Application Process**

- Applications will be accepted through September 12, 2018 and must be submitted by email to lynn@nerc.org.
- Narratives cannot exceed 250 words, although attachments that demonstrate the achievement are acceptable.
- You may nominate yourself or another party for an award.

**Application - Complete answers to each question are a requirement for consideration.**

1. Your name, title, and affiliation.

2. Your mailing address, phone number, and email address.

3. If different than individual submitted the award application, name of individual or organization being nominated. If an organization, designate an individual to whom the award should be presented.

4. Address, phone number, and email address of organization or individual being nominated.

5. Narrative describing the project, why it should be selected for the award, and how it fulfills the criteria for the award. 250 word limit

Thank you for your award application. Notification of award decisions will be made in October, with the award presented at NERC's Fall Conference, October 30, Rocky Hill, Connecticut. For more information about the Conference, visit the NERC website.
